

## No Bake [PB&J] S'Mores

June 23, 2022

*I first created these summer treats for People magazine as a riff on the very popular, award-winning PB&J cupcake that I created for Hill Country Barbecue Market. If you are a peanut butter lover, the cupcakes [recipe in [Steak & Cake](#)] and the simpler “no-bake” summer S’mores will delight you. The S’mores are easy to make, appeal to kids of all ages and are a guaranteed crowd pleaser. There is no baking or fire-roasting so it keeps your kitchen cool and is safe for even young children to make.*

**Makes 6—Can be doubled, tripled etc., easily**

### Ingredients:

Package graham crackers  
Creamy or Crunchy Peanut Butter  
Nutella  
Seedless Raspberry Jam  
Marshmallow Fluff  
Colorful sprinkles or shaved chocolate for sides

### Method:

1. Break the graham cracker in half at the perforation.
2. Spread a generous teaspoon of peanut butter on one side of the cracker and a teaspoon of chocolate on the other. Spread a thin layer of jelly over the peanut butter and a thicker layer of marshmallow fluff on the chocolate.
3. Place the two halves together and press gently to seal the filling and repeat.
4. If you want the S’mores to look a little more finished, dip the sticky sides in colorful sprinkles for a fun presentation or shaved chocolate for a more sophisticated look.
